Costs and charges

Every time you buy or sell shares or funds or other types of investment, you will pay dealing commission. There are also administration charges for some of our accounts, and charges for other services, like reinvesting dividends or providing a replacement tax certificate.

This guide lists all our costs and charges, and provides examples of how they work in practice.

DEALING CHARGES

These are charges you pay if you trade on any of our accounts – if you don't trade, then you won't pay any of these charges.

We take your dealing charges from money you have in your Share Dealing Account or ISA.

EXAMPLES OF COSTS AND CHARGES

This tables below shows how much you might pay depending on what account you have, how often you trade and what you do with your account.

Tom's had his account with us for years. He has a Stocks and Shares ISA and a Share Dealing Account and trades regularly, clocking up three share trades a month, apart from at Christmas and when he's on holiday. This year, Tom will pay:
